Exhibition catalogue of the Documentation Center Nazi Party Rally Grounds

Told from a local historical perspective for the first time, the exhibition *Nuremberg – Site of the Nazi Party Rallies. Staging, Experience and Violence* traces the history of the rally grounds from 1918 to 2020. A large-scale media installation takes visitors on a journey through time over the extensive grounds.

In four epochs, events in the city and on the rally grounds unfold. A variety of exhibits, numerous personal photographs and remarkable biographies unlock new insights into the subject.
